## FC2 FEMALE CONDOM®

FC2 FEMALE CONDOM® – SAFER IS SEXY!

FC2 Female Condom® is now available in the United States!

**FC2:**

- is made of a nitrile polymer, is thin, strong and heats to body temperature.
- is a dual protection method (i.e. it provides protection against both pregnancy and sexually transmitted infections (STIs), including HIV).
- is worn by the woman during sex and placed up by the pubic bone.
- can be inserted prior to sex since it is worn by the woman and the man does not need to be erect.
- has the same instructions for use as the first generation FC Female Condom (FC1).
